

# Certified ScrumMaster (CSM) Training

Expert Coaching to Create the Agile Organization

## Training Overview

This two-day ScrumMaster certification course provides everything you need to get started with Scrum. The largest and fastest-growing Agile project management methodology, Scrum is a simple framework that has a small set of interrelated practices and rules, is not overly prescriptive and enables more effective teams almost immediately.

Delivered by Rally's world-renowned Certified Scrum Trainers (CSTs), this course shares industry-tested practices for evolving Product Backlogs, planning Releases and Sprints, tracking and reporting progress, and developing continuous improvement cycles. Participants will learn how to effectively plan and run daily Scrum meetings, Sprint Planning meetings, Sprint Reviews and Retrospectives, and more.

Upon completion of the course and a post-course online evaluation, participants are registered as Certified ScrumMasters (CSMs). Registration includes a two-year membership in the Scrum Alliance, ([www.scrumalliance.org](http://www.scrumalliance.org)) where valuable ScrumMaster material and information are available.

## Intended Audience

This hands-on certification course is appropriate for all team members. Specific roles that would benefit from becoming a CSM include Project Managers, Team Leads, Architects, Developers and Testers. Additionally, the CSM course is an introduction to Scrum which is valuable for anyone working with Scrum Teams.
